

Instructions:

- Select one, two, or three medicine outlets to physically visit (Page 1)
- Print out one copy of the snapshot for every medicine outlet you will visit
- Ask the questions on the following pages at each outlet (Pages 2-4)
- Write down the responses in the table (Page 5)
- Return Pages 5 and 6 to the IDF via post, email, or fax

Contact list of medicine outlets that will be surveyed, including their up-to-date contact information, if available

Name of medicine outlet	Contact Details	Sector (public, private, etc)	Back-up outlet and contact details

Public sector

The public sector includes the main public hospital and public sector medicine outlets. For hospitals, medicine price/availability data are collected for the outpatient/primary health care service.

Private sector

The private sector includes licensed retail pharmacies and licensed drug stores only. The private sector does not include unlicensed drug stores, drug sellers in the informal sector, pharmacies in private clinics and hospitals or health facilities operated by private companies, such as mining companies.

- 1) Do you have any **short-acting insulin** available today?
- 2) What is the name, quantity and strength (units/ml) of the cheapest formulation available today?
- 3) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 4) What is the full price, excluding reimbursement?

- 5) Do you have any **intermediate-acting insulin** available today?
- 6) What is the name quantity and strength (units/ml) of the cheapest formulation available today?
- 7) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 8) What is the full price, excluding reimbursement?

- 9) Do you have any **rapid-acting analogue insulin** available today?
- 10) What is the name quantity and strength (units/ml) of the cheapest formulation available today?
- 11) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 12) What is the full price, excluding reimbursement?

- 13) Do you have any **long-acting analogue insulin** available today?
- 14) What is the name quantity and strength (units/ml) of the cheapest formulation available today?
- 15) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 16) What is the full price, excluding reimbursement?

- 17) Do you have insulin **syringes** available today?
- 18) What is the name and quantity of the cheapest syringe available today?
- 19) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 20) What is the full price, excluding reimbursement?

- 21) Do you have any **needles** available today for your insulin syringes?
- 22) What is the name and quantity of the cheapest needles available today?
- 23) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?
- 24) What is the full price, excluding reimbursement?

25) Do you have **blood glucose meters** available today?

26) What is the name lowest cost meter available today?

27) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

28) What is the full price, excluding reimbursement?

29) Do you have any **test strips** for this meter you have available today?

30) What is the name and quantity of the test strips for this meter you have available today?

31) What is the price to the patient?

32) What is the full price, excluding reimbursement?

33) Do you have **sulfonylurea** (e.g. gliclazide, glipizide, glibenclamide, tolbutamide) tablets available today?

34) What is the name and dose of cheapest formulation available today?

35) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

36) What is the full price, excluding reimbursement?

37) Do you have **glucagon** available today?

38) What is the name and dose of cheapest formulation available today?

39) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

40) What is the full price, excluding reimbursement?

41) Do you have **metformin** tablets available today?

42) What is the name and dose of cheapest formulation available today?

43) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

44) What is the full price, excluding reimbursement?

45) Do you have any **calcium channel blocker** tablets (e.g. amlodipine) available today?

46) What is the name and dose of cheapest formulation available today?

47) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

48) What is the full price, excluding reimbursement?

49) Do you have any **beta blocker** tablets (e.g. bisoprolol) available today?

50) What is the name and dose of cheapest formulation available today?

51) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

52) What is the full price, excluding reimbursement?

53) Do you have any **ACE inhibitor** tablets (e.g. enalapril) available today?

54) What is the name and dose of cheapest formulation available today?

55) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

56) What is the full price, excluding reimbursement?

57) Do you have any **thiazide diuretics** (e.g. hydrochlorothiazide) available today?

58) What is the name and dose of cheapest formulation available today?

59) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

60) What is the full price, excluding reimbursement?

61) Do you have any **statin** tablets (e.g. simvastatin) available today?

62) What is the name and dose of cheapest formulation available today?

63) What is the price to the patient (e.g. the co-payment amount where reimbursement systems exist)?

64) What is the full price, excluding reimbursement?

Would you like the name and/or logo of your Diabetes Association to be included in the final report?

- Yes, the name of our Diabetes Association

Name: _____

- Yes, the name and logo of our Diabetes Association

Name: _____

- No

Thank you for taking time to fill out the questionnaire. The results of this survey will be published next year.
